Purchase an Open-Air Burning Permit

Recreational backyard fires are permitted in the Town of Midland provided the resident first purchases an Open-Air Burning Permit from the Town, and follows the Town's Open Air Burning by-law No. 2023-14.

Violation of the terms of the permit could result in a fine and the permit may be revoked without refund. The cost of an annual Open-Air Burning Permit is \$40.00. Permits are valid during the year of purchase.

Open air burn permits will only be issued to property owners. If the resident is not the property owner, a written authorization from the property owner is required. The form can be found on the Town's website. *
